Schedule 1—Amendments

Biomass Energy (Biochar Production Systems) Standard 2025

1.	In the appropriate position in Part 2-----	3
14.A	Application for accreditation other AWT facility -----	3

1. Name

This written resolutions is the Biomass Energy (Biochar Production Systems) Amendment (Accreditation Other AWT facility) Standard 2026.

2. Commencement

This written resolutions was adopted by the Chairman of the Board of Trustees and commences on *27 June 2026*.

3. Authority

This written resolutions is made under the Biomass Energy (Biochar Production Systems) Standard 2025.

4. Schedules

Each instrument that is specified in a Schedule to this written resolutions is amended or repealed as set out in the applicable items in the Schedule concerned, and any other item in a Schedule to this written resolutions has effect according to its terms.

Schedule 1—Amendments

Biomass Energy (Biochar Production Systems) Standard 2025

1. In the appropriate position in Part 2

Insert:

14.A Application for accreditation other AWT facility

- (1) A registered person may apply to the Working Body to register of applications for accredited AWT facilities that is:
 - (a) an biochar production system; or
 - (b) an aggregated network.
- (2) The application must:
 - (a) be in the form approved, in writing, by the Working Body; and
 - (b) meet the requirements (if any) prescribed by the rules.
- (3) The application must include the following information:
 - (a) the name of the AWT facility;
 - (b) the location of the AWT facility;
 - (c) the owner of the AWT facility;
 - (d) the commissioning date of the AWT facility;
 - (e) an single line diagram for the AWT facility that includes:
 - (i) the relationship between the AWT facility; and
 - (ii) all metering points;
 - (f) if the electricity consumption of the AWT facility is met by purchased power or on-site photovoltaic generation;
 - (g) If the AWT facility is registered under another carbon crediting standard, its identification code or project code shall be provided;
 - (h) the eligible energy sources from which biochar is intended to be generated;
 - (i) the components (the ***AWT facility components***) that the registered person considers to make up the AWT facility;
 - (j) for each facility component:
 - (i) each person who owns the component (whether alone or together with one or more other persons); and
 - (ii) each person who operates the component (whether alone or together with one or more other persons);
 - (k) contain any other information required by the Working Body;
 - (l) such other information as is prescribed by the rules.
